Dear The Federal Communications Commission,

Congratulations on your appointment to Chair the FCC. I urge you to support the "Fair Share Plan" as a solution to current concerns with the Universal Service Fund (USF). The Fair Share Plan will keep the insure that consumers like me do not pay the same rate as big businesses, regardless of how little I may use long distance. I have very little need for long distance service, and to require me to support those who do use long distance service frequently is unfair. I believe it would be unfair to charge low-volume and residential customers the same fees as high-volume residential or business customers.

I urge you to keep the USF fair, and adopt the Fair Share Plan. Thank you, and best of luck in your new position.
